A 10x10 grid of dots. The top-left 3x3 square of dots is missing, leaving a 7x7 square of dots in the top-left corner and the rest of the grid intact.

A large grid of dots forming a cross shape. The grid consists of a vertical column of dots and a horizontal row of dots, intersecting at a central point. The dots are arranged in a regular pattern, with the intersection point being the center of the grid.
